Department of
Pediatric Hematology and Oncology
Department of Pediatric Hematology and Oncology

The department is unique in India as it offers comprehensive Hematology & Oncology Care to all children up to the age of 18 years. It is a place where doctors send some of their most challenging and sick patients.

Education and Training

The department is recognized by the National Board of Education for a two year fellowship program in Pediatric Hematology and Oncology since 2008, for two fellows each year. As well as for a one year fellowship program recognized by the Indian Academic of Pediatrics (IAP).

Research

The department is actively involved in various clinically relevant research activities as apparent from its various publications in national and international peer reviewed journals.
